Dear Sir:

In response to the Office Action mailed July 26, 2002,  
please amend the above-identified patent application as follows:

In the claims:

Sub B' → 1(amended). A method of displaying a document together  
with a time stamp specified display of a video element comprising  
the steps of:

- A:
- (a) providing said document including a structure for  
receiving a time stamp value associated with said  
video element in a packetized elementary stream;
  - (b) inserting said time stamp value said associated  
with said video element in said structure;
  - (c) reading said time stamp value in said document;  
and
